

GENERAL DECLARATION OF PPWR AND MATERIAL CONFORMITY

Regulation (EU) 2025/40 - Packaging and Packaging Waste Regulation (PPWR)

Issued by
Zolemba B.V.
Nijverheidsstraat 16
7482 GZ Haaksbergen
Nederland

Document: EN-PPWR-MC-001
Revision: 1.0
Issue Date: 01 June 2026

Subject

General declaration regarding the material conformity of self-adhesive labels supplied by Zolemba BV in relation to Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), heavy metals and PFAS.

Scope

Zolemba BV manufactures and supplies self-adhesive labels for a wide range of industrial, commercial and consumer applications. This declaration relates solely to labels and label materials supplied by Zolemba BV as individual products.

Basis of this declaration

This declaration is based on information available to Zolemba BV, including supplier declarations, technical specifications, material data sheets and internal compliance records. Zolemba BV does not routinely perform batch-by-batch analytical testing for all substances mentioned in this declaration, unless separately agreed in writing.

Heavy metals

Based on available supplier information, Zolemba BV declares that the materials used comply with the applicable European limit for the sum concentration of lead (Pb), cadmium (Cd), mercury (Hg) and hexavalent chromium (Cr VI), insofar as such requirements apply to packaging or packaging components.

PFAS

Based on available supplier information, no intentionally added per- and polyfluoroalkyl substances (PFAS) have been identified in the label materials used by Zolemba BV, unless expressly stated in product-specific documentation.

PPWR and final packaging

The materials used are selected and managed with due regard to the applicable requirements of Regulation (EU) 2025/40. Compliance of the final packaging under the PPWR depends on the complete packaging, the packaged product, the function of the label, the application and the intended use. Responsibility for assessing and ensuring compliance of the final packaging remains with the party placing the packaging as a whole on the market.

Confidentiality of supporting documentation

The documentation supporting this declaration forms part of Zolemba BV internal compliance records and may contain confidential supplier information. Such supporting documentation is not disclosed to customers or other third parties, except where required by applicable law or upon request by a competent authority.

Validity

This declaration is issued in good faith and reflects the information available at the date of issue. Changes in legislation, raw materials, supplier information or product composition may require this declaration to be reviewed.

This document has been issued electronically and is valid without a handwritten signature.
